

SPARSH MALODE

Data Science Student | Aspiring Data Scientist

+8425819542 | sparshmalode34@gmail.com | Dombivali East, 421203 | linkedin.com/in/sparshmalode

PROFESSIONAL SUMMARY

Aspiring data scientist with hands-on experience in machine learning, data analysis, and backend data pipelines. Pursuing dual degrees: B.Tech CSE at Amity University (GPA: 8.5/10) and BS in Data Science at IIT Madras (GPA: 8.0/10). Practical exposure through an AI/ML internship at IIT Ropar and ongoing research on Unified Payments Interface-driven consumption patterns. Skilled in Python, statistical modeling, vector embeddings, and building scalable data workflows.

EDUCATION

Indian Institute of Technology (IIT) Madras | 2023 – 2028

BS in Data Science | GPA: 8.0 / 10.0

Amity University | 2023 – 2027

B.Tech in Computer Science and Engineering (CSE) | GPA: 8.5 / 10.0

WORK EXPERIENCE

AI and ML Intern – IIT Ropar | June 2025 – August 2025

- Generated vector embeddings for data representation to enable efficient similarity search and retrieval.
- Designed and implemented a data pipeline to process, store, and query embeddings using ChromaDB.
- Developed backend workflows for handling large-scale data and optimizing retrieval performance.

Research Assistant – UPI & Consumption Analysis | 2025 – Present

- Authored a research paper on the impact of Unified Payments Interface (UPI) adoption on consumer spending patterns using statistical and econometric methods.
- Built regression models to study the relationship between digital payment usage and changes in consumption behavior.

ML Trainee – IIT Madras | 2024 – Present

- Built ML models and performed data analysis using Python for real-world problem solving.
- Applied linear algebra and probability in optimizing ML pipelines.
- Developed end-to-end data processing and modeling workflows with mathematical foundations.

SKILLS

Technical: Python, Machine Learning, Statistical Modeling, Data Analysis, ChromaDB, Vector Embeddings, Regression Modeling, Data Pipelines, Linear Algebra, Probability, Econometrics

Professional: Project Management, Leadership, Effective Communication, Critical Thinking, Time Management, Teamwork, Public Relations

LANGUAGES

English (Fluent) | Hindi (Fluent) | Marathi (Intermediate) | Spanish (Basic)
